

PROFESSIONAL DEVELOPMENT MENU

Below is a list of things I've presented on in the past. I think its great to make a unique presentation for your context. I also recommend follow-up sessions.

ASSESSMENT

- Developmental learning
 - Formative / Summative / Diagnostic assessment
 - Norm vs. Criterion referenced assessment
 - Evidence model
 - Problems with typical evidence use
 - Standard vs. Developmental Model
 - Using developmental thinking to improve test construction
 - Creating developmental progressions
 - Reporting on 'progress' (rather than just achievement)
 - Creating progressions
- Rubric Writing
 - Developmental rubrics
 - Rubric writing guidelines
 - Examples of good rubrics
 - Rubric use
- General
 - Multiple-choice question writing theory
 - Study and Exam Skills (for teachers and students)
 - Interpretation methods
 - Assessment types

- Feedback
 - Peer and self-assessment
 - Make students respond to feedback
- Pre- and post-testing
- Effect size calculation
- Guttman analysis

PEDAGOGY

- Learning intentions and success criteria
- Targeted teaching
- Differentiation
- Self-regulated learning
- Cognitive Science
 - Cognitive load theory

GAME-BASED LEARNING

- "Playful learning"
- Games
- Gamification
- Creating collaborative-problem solving games
- Producing student-led narrative "Learning adventures"

RATES

- \$110hr
- Group presentations - \$250hr
- Transport - \$60hr
- Minimum per day on-site \$500
